

Non-Stock Materials

These are non-stock materials, which means that you are required to “buy the build” due to low demand of the material. This may or may not improve your part pricing, depending upon quantities ordered, but typically you achieve the best piece part price if you fill the platform with as many parts as possible. Lead times vary.

- Ultra-White Nylon12 (PA2200)
- Carbon Fiber Filled Nylon12 (PA603-CF)
- Fire Retardant Nylon12 (PA606-FR)
- Carbon Fiber and Glass Filled Nylon12 (PA640-GSL)
- Mineral Fiber Filled Nylon 12 (PA620-MF)
- Carbon Fiber and Glass Filled Nylon11 (PA840-GSL)
- Black Nylon11 (PA850)
- Polystyrene (Primecast 101)
